# GETHAIRMD PROGRAM

---

01

## Diagnostic AI Imaging

Uses advanced AI technology to analyze and track hair growth, thickness, and scalp health, providing detailed insights to create a personalized treatment plan for optimal results.

02

## Personalized Prescription Topical

Based on a swab test and hair panel, we create a personalized prescription topical that targets your unique hair growth needs, ensuring the most effective solution for your hair restoration.

03

## Clinical Hair Growth Laser

Uses low-level laser therapy (LLLT) to stimulate and heal hair follicles, promote hair growth, and strengthen existing hair. This non-invasive treatment is safe, effective, and requires no downtime.

04

## Follicular Infusion with Growth Serum

Uses an advanced serum formula to nourish and stimulate hair follicles, promoting natural hair growth. This non-surgical treatment enhances hair thickness and density with no downtime or discomfort.

05

## Medical-Grade Shampoo and Conditioner

Specially formulated to nourish the scalp, strengthen hair, and support healthy growth. These products are designed with advanced ingredients to deliver optimal results for thinning or damaged hair.

06

## Daily Rapid Growth Serum

A fast-absorbing formula designed for at-home use to stimulate hair follicles and promote faster, thicker hair growth with daily use. It nourishes the scalp and strengthens hair for visible results.

07

## Dietary Supplement

Provides essential nutrients to support healthy hair growth from the inside out. Formulated with vitamins and minerals, it strengthens hair and promotes optimal growth.

08

## Dual Wave Energy Cap

Uses advanced technology to deliver both red and orange light wavelengths to promote nitric-oxide production to block DHT, promote hair growth, and improve scalp health with convenient, daily at-home use.

09

## LightSmart Cap

Boosts cellular energy to promote hair growth while providing UPF 50+ UV protection. Its Cool Comfort Technology keeps the cap cool in sunlight, ensuring comfort and effective red/NIR light therapy for the scalp while on the go.
